Sir:

SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT
UNDER 37 C.F.R. § 1.97(b)

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), Applicants bring to the attention of the Office the documents listed on the attached IDS Form PTO/SB/08. This Supplemental Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits for the above-referenced application.

Copies of the listed documents are attached, excluding any U.S. Patents, U.S. Patent Application Publications, and co-pending U.S. Patent Applications which are available in the Image File Wrapper System. Applicants have not included a copy of co-pending Application Nos. 10/993,430, 10/993,431, and 10/990,475 because they are

identical to their parent applications, copies of which are available in the Image File Wrapper System.

Further to the Notification of Pending Litigation filed July 23, 2004, Applicants submit two additional documents from the on-going litigation *L'Oreal S.A., et al. v. Estee Lauder Companies, Inc., et al.*, Civil Action No. 04-1660 (D.N.J.). The first document is a copy of the court docket. The second document is a copy of Estee Lauder's Response to Plaintiffs' First Set of Interrogatories (Nos. 1-6). Both of these documents are enclosed with this Supplemental Information Disclosure Statement and listed on the IDS Form PTO/SB/08.

As explained in Applicants' September 17, 2004, Information Disclosure Statement, the United States Court of Appeals for the Federal Circuit held in *Dayco Products, Inc. v. Total Containment, Inc.*, 329 F.3d 1358, 66 U.S.P.Q.2d 1801 (Fed. Cir. 2003) that an "adverse decision" by another examiner may meet the materiality standard under the amended Rule 56, and thus, Applicants should disclose prior rejections of "substantially similar claim[s]" to the Office. Accordingly, although Applicants are not representing that the office actions in the co-pending applications are material to the present application and are not admitting that any of the other claims are substantially similar, out of an abundance of caution, Applicants have listed substantive office actions from co-pending applications on the attached IDS Form PTO/SB/08 and have enclosed copies of the documents as well.

Applicants' representatives understand from the Examiner in other related co-pending applications that the Examiner considered references cited in the IDS Forms PTO/SB/08 filed, but that she had crossed through some of the citations and did not

initial the entries to avoid the printing of the those documents on the face of any patent granted there from. In light of that Examiner's representations regarding the crossing-out of references in the related co-pending applications, Applicants will consider any entries crossed through by this Examiner as having been properly submitted and considered by the Examiner, unless the Examiner specifically states otherwise in the papers returning the form.

Applicants respectfully request that the Office consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

With regard to the non-English language document, Applicants note the following:

1. **JP 50/58242** – An abstract of the disclosure of this document can be found in the English language Derwent Abstract for JP 78 043577, which is submitted herewith.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Office applies any of the documents as prior art against any claims in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
